Description

Important 20 carat gold bracelet with articulated palmettes. Very beautiful and fine chiseling of each leaf-shaped palmette which articulates independently. They are surrounded by a rectangular mesh on each side. Truly in an art-nouveau vegetal spirit. Bracelet in perfect condition, 47 grams. Tested today in a specialized store (Godot et fils in Nancy), guaranteed 20 carat gold, placed in their specialized machine (therefore more gold content than the traditional 18 carats of standard jewelry). Superb piece.
