Description

This is an amazing sideboard designed by Jean-Claude Mahey in the 1970s. Ample storage space and a great surface for a pair of lamp, a large vase and or a surtout de table. Made from walnut veneer with brass trim. Please take a look at all the photographs to see inside too and even the original keys are an elegant design. The keys if left in the cabinet extend the depth from 50cm to 52.5cm. Fantastic French midcentury furniture.
