Line Vautrin - Pair Of Earrings

300 EUR

Signature : Line Vautrin

Period : 20th century

Condition : Bon état

Material : Other

Description

Pair of earrings in talosel and inlaid mirrors from the 60s. Traces of wear on the mirrors and small losses of talosel. Line Vautrin invented the "Talosel" technique in the 1950s by superimposing layers of resin then working its shape and color during firing. This technique notably contributed to its reputation.
