

Antique Chest Of Drawers Umbertino Walnut Fir 4 Drawers XIX Century

1 800 EUR

Period : 19th century

Condition : Restauré par notre atelier

Material : Sapin

Width : 117

Height : 93

Depth : 49

Description

A late 19th-century chest of drawers made of fir and walnut with four flush-fitting drawers on the front, supported by four square plinth legs. The entire surface has been lacquered in shades of ochre and blue on an ivory background by our workshops using natural products, preserving the reversibility of the furniture in its original state.
