345 EUR

Period : 20th century

Condition : Bon état

### Description

Impressive in size, almost 30cm high, here is an interesting pipe bowl. Made of terracotta, it is decorated with stylized tarantula spiders on the base and body. It is a symbol of divination and wisdom. The bowl border is decorated with lion claws in high relief, creating a real crown around it. The model is similar to those of the Museums:

- Amsterdam Pipe Museum (their model measures almost 2 meters)
- Bergerac Tobacco Anthropology Museum (model very similar in size)

Very good overall condition, some small chips, well mentioned on my detailed photos, please look at them carefully, I am not hiding anything! African working, Cameroon, 20th century period. Dimensions: 29.6cm H x 13cm
