Description

"Alpine Landscape - Presolana"Oil on canvas - 60 x 80 cmWith frame - 83.5 x 93.5 cmPainting depicting an alpine landscape with a view of Mount Presolana, located in the province of Bergamo.The composition is balanced, with a path leading toward the plain and the mountains in the background. The palette is harmonious, with soft tones and diffused light describing the atmospheric depth and the contrast between vegetation and mountain forms.Artist Giovanni Molteni, active in Lombardy during the 20th century, is known for his naturalistic landscapes and mountain scenes, marked by solid spatial structure and careful study of tonal values.Presented in a carved period frame, in good condition.
