Beautiful collection from Italy of Cameos from the "Grand Tour" in Italian terra cotta in its original baroque frame gilded with leaf and carved with openwork scrolls. Mounted raw without glass, these pieces representing: Gods and Goddesses of Greek and Roman mythology offer us a decorative and neo-classical vision of good taste. This piece of curiosity from the 19th century is interesting because of the materials often used in stucco or red wax; here beautiful terracotta with soft shades of pink, presented with taste, and finely made, with the patina of time these beautiful pieces offer us a neat and chosen wall decoration of quality in the "Neo-classical" spirit, inspired by the Antique.
