

Oil On Cardboard "landscape" Of Edouard Febvre

1 250 EUR

Period : 20th century

Length : cadre 71cm peinture 62cm

Height : cadre 60cm peinture 51cm

Description

Suprbe landscape painting, with bright colors directed by Edouard Febvre (1885-1967) French painter of animated scenes, urban landscape. He never painted very far from the cappitale and its suburbs and in those rare cases it was to paint landscapes of water, banks of rivers, canals. He exploited the picturesque. This table is made with a knife by its size and its vibrant colors and lights. Very good condition overall.
