Description

Very original pair of Napoleon III style wall lights in wood and bronze. On a half-moon console in green painted wood, an imposing ram's head in patinated bronze adorns these wall lights. On either side, bronze applications in the style of passementerie. Above, an openwork bronze holds the socket. This is most certainly an old recomposition of old elements. The result is a pair of unusual wall lights, very decorative and which will not leave anyone indifferent. New linen-style lampshades. Bayonet bulb. Work of a decorator from the beginning of the 20th century. Delivery 50 euros in France, 100 euros in the EU and 200 euros rest of the world.
