Description

Very pretty vase with a rotating decoration of stylized flowers made by the Boch Frères Keramis factory under the direction of Charles Catteau. The cubist stylization is quite remarkable and characteristic of the Art Deco period. The first four photographs go completely around this vase on which the decoration is repeated four times. Very beautiful polychrome enameling made in cloisonné enamels. Shape number 991 intaglio in the paste and underglaze. Not marked but decoration D1174. The decoration number allows us to date this vase from the very beginning of 1931. Height 19cm. Diameter: 18 cm Very good condition.
