

Rolo Inlaid Coffee Table, Mid-19th Century

800 EUR

Period : 20th century

Condition : Très bon état

Material : Wood marquetry

Description

Rolo inlaid coffee table from the mid-19th century, supported by a turned central stem and three arched, partially ebonized feet. The coffee table features a refined inlay decoration made with small pieces of fine wood of various types. The top features geometric elements and a small bird in the center, typical of the famous Rolo (Reggio Emilia) workshop, renowned for its exquisite inlay workmanship.

Dimensions: 59 x 60 cm / H 77 cm
