#### Description

A small series of three handles...Lamb chops...Silver-plated metal handles...And chrome-plated steel grip...In good condition, just some dirt and minor wear from use...Like oxidation on the screw key...And a loose attachment ring...From the silversmith SFAM...Which is the French Silver Metals Society...A larger model than most chop handles...The screws are fully functional...For information can still be cleaned when I made the announcement I had no product...If not sold before I can do it otherwise I would brick them...!Weight...128 gr
