Description

Wonderful Kuba kilim from Azerbaijan. Ultra fine and supple piece, the weaving is refined, precise and regular. This characteristic of ancient Caucasian kilims can be appreciated by the eye and the touch. Woven wool on wool in the traditional way. Wonderful plant shades, dense and saturated. The piece is both soft and luminous. The repeated motifs on the central field are stylized eagles, symbol of freedom. All surrounded by superb borders. Rather rare and ultra decorative piece. The patterns are ancestral, the original composition corresponds perfectly to the production period and yet this kilim has a highly graphic appearance. All Early 20th century Very good condition Dim: 303 x 180 cm Laurent Beauty of Kilims
