Description

We present this Italian walnut desk dating back to the late 18th century, during the Louis XVI period. Featuring simple lines and a lack of excessive ornamentation, the legs are linear. A large drawer is located at the front for storage. Keep in mind that the desk was designed to be placed in the center of the room, so you can choose where to place it. Consider that you'll have 55 cm / 21.65 inches of space for the legs. You can certainly consider placing this desk in your office, living room, bedroom, or any room in your home where you need to complete your office work without sacrificing elegance. We can arrange worldwide shipping; contact us for more information. The desk is in good condition with signs of wear consistent with its age; see all photos. The desk is in good condition with signs
