Vintage Ring In White Gold, Platinum And Diamonds

1 450 EUR

Period : 20th century

Condition : Très bon état

Material : Gold

Description

White gold and platinum wire ring, circa 1950-1960, centered on an old-cut diamond of approximately 0.55 ct in a prong setting, in an original decor of triangular shapes and interlacing punctuated by 6 brilliant-cut diamonds of 0.06 carat. IMPORTANT: a facet of the central stone was slightly damaged at the crown during setting when the platinum prong was folded down. This jewel is nonetheless a magnificent piece of jewelry because this defect is barely visible to the naked eye. Moreover, it was marketed with this defect. Nevertheless, the price offered here takes this defect into account.
