Description

Refined fireplace made of Pakistani green onyx and Broccatello breccia inserts. The fireplace's uniqueness undoubtedly lies in the onyx's striations, which create a play of colors. Likewise, the additional oval and geometric breccia decorations lend further elegance to the overall piece. The stone is smooth and grooved on the sides, feet, and under the top, while two curls have been chiselled into the center of the front. This is a unique fireplace of great refinement, capable of furnishing any space with taste and elegance. Made in Italy, likely Genoese (Liguria), in the mid-19th century. Dimensions: H x W x D 117 x 154 x 26cm
