Stained Glass - Stained Glass Windows - Bamboo, Lake And Mountains

450 EUR

Period : 19th century

Condition : Bon état

Material : Glass

Length : 39,5 cm

Height : 78 cm

Description

Two bamboo stalks rise in front of a lake and mountains. This stained-glass window is a recomposition of a probably larger stained-glass window. We can imagine that the broken pieces were removed and those in good condition were reassembled as coherently as possible. Nevertheless, a large green leaf hides in the middle of the mountain. Grisaille painting and colored enamels on cathedral glass. Lead assembly.
