

Antique Polychrome Earthenware Sick Duck From The South West Samadet 18th Century

399 EUR

Signature : SAMADET

Period : 18th century

Condition : Bon état

Material : Earthenware

Description

Small medical container called "sick duck" in tin-bearing earthenware from the Southwest. Domed shape with tubular spout, ribbon handle and fixed half-lid pierced with an internal filter. Free floral decoration in ochre on white enamel. Interior with filtration holes near the spout. Typology well attested in Bordeaux/Samadet/Auvillar late 18th-early 19th century. Condition: Good general used condition. Wear and chips on the pedestal, small scattered enamel chips, minor rubbing on the edge of the lid and spout (see close-up photos). No visible structural cracks, no restoration.
