Description

Large antique decorative bronze figure. Antique Chinese or Vietnam bronze statue of a water carrier circa 1900 - 1920. Classical figure of a rural water carrier. This large bronze displays a medal patina. The bronze shows fine alterations and dark, natural tones. The numerous details play beautifully with the light. This carrier wears a large yoke on his shoulders. The man walks with this yoke, from which a pair of large buckets are missing. His face is imbued with great serenity. His long, loose garment floats and covers his slim figure. He rests on a circular base with lotus-like foliage motifs around the circumference. This is an ancient decorative figure from Asian folk and rural imagery. A trace of signature. Dimensions: Height: 46.5 cm - Width: 25 cm Weight: 4041 grs## For further
