Description

Rare crystal vase produced by Rosenthal and signed by the Danish artist Bjorn Wiinblad (1918-2006). This piece, numbered 63/100, comes from a limited edition produced in the 1980s and 1990s, a period during which Wiinblad collaborated with the prestigious German manufacturer. Cylindrical in shape, the vase features a finely engraved plant decoration, composed of stylized leaves, grape clusters, and arabesques. The surfaces alternate between polished and frosted, creating a refined play of light. The crystal, dense and perfectly transparent, testifies to Rosenthal's technical mastery and Wiinblad's own decorative sense. This artist's crystal creations are much rarer than his porcelain for the Studio-Line. Signed and numbered.
