Description

Modular wall bookcase made with elements from the "Life" series in grey lacquered wood with flap and hinged opening with internal glass shelves. In the central part plexiglass shelves from the "Night&Day" series. Possibility of lighting only the containers, only the shelves or both. Furniture in very good condition that shows some signs of aging as visible in the photos. Furniture in good condition, shows small signs of wear. We try to present the real condition of the furniture as completely as possible with the photos. If some details are not clear from the photos, what is reported in the description is valid.
