Description

This elegant console-mirror set dating from the 20th century embodies with refinement the rococo spirit, dear to the French decorative arts. Made of wood painted in a delicate off-white enhanced with subtle golden notes which subtly underline its sinuous curves and its sculpted plant motifs. The console, finely crafted, rests on a curved base decorated with stylized foliage. It is topped with a superb top in Antique Light Green marble, whose soft and veined shades bring a touch of freshness and nobility to the whole. The choice of this rare marble reinforces the precious and singular character of the piece. Surmounting the console, the oval mirror takes up the same aesthetic codes. Its richly decorated frame is in perfect stylistic continuity with the console. The mirror, inserted in this ornamental frame, reflects
