

18th Century Grandfather Clock

1 175 EUR

Period : 18th century

Condition : Etat d'usage

Material : Oak

Height : 240

Description

Beautiful longcase clock, finely carved in oak with a beautiful old patina. The white glass dial signed Sev (erin) Joosten in Maaseyck , a Belgian work from the Liège region. Liège clocks and furniture have a very good reputation for their high quality. Transition style; a Belgian work around 1770. This longcase clock is in good condition, the mechanism needs to be cleaned by a clockmaker. Height = 240 cm
