Period : 19th century

Condition : Bon état

Material : Oak

Width : 183

Height : 95

Depth : 56

Description

Exceptional oak chest bench dating from the early 19th century with five carved diamond-shaped panels on the front. It opens with two large flaps and two boxes in the upper part. Three panels protrude on the sides. Discovered in Brittany, it is however very similar to the furniture of abbeys and castles in Haute Auvergne. 0Very natural...a rare piece of furniture of fine quality.
