Diameter : 7,5 centimètres pour la base et 5 centimètres pour le col de remplissage

Height : 22,2 centimètres

### Description

A jug or simply a jug for drinking... In glazed terracotta... In very good condition... Just a few superficial enamel losses from use and manufacturing... From the 1900s... FRENCH origin... Certainly from a Mediterranean region... It is a pretty model with lots of pretty details for the parts that form the top and a simple body for the lower part... I seem to see some inscriptions on the base.. Weight ... 804 gr
