Description

Extraordinary Genoese Chandelier circa 1780s with Twelve lights on two tiers, decorated with clear and blue crystals. Large Empire chandelier in Carved and Gilded Wood from the late 18th century, like the chandeliers in the Ducal Palace in Genoa. It consists of a central shaft made of turned wood, a support carved with plant motifs and gilded, and twelve curved arms hand-made of iron and decorated with period blue and transparent crystals. The twelve lights are on two tiers of height. It dates from the late 1700s and is in excellent condition, ready to hang.This chandelier is made with a central shaft of carved wood, carved with plant motifs and gilded in fine gold; this central support, composed of several elements, is decorated with hand riveted iron elements, connected by a multitude of festoons of
