Description

Magnificent floor lamp by German designer Hans Kogl for Maison Jansen, dating from the 1960s and 1970s. This light is composed of 11 flowers in gold and silver metal mounted on brass stems decorated with gold metal leaves. The base is made of brass surrounded by a crown of leaves. Very good condition. A small decoration is missing on one flower. Some small wear to the gilding in places contributes to the patina of the whole which makes the charm of this refined floor lamp.
