Description

Beautiful painting representing in a harmony of gray, monochrome, the Palais de la Conciergerie in Paris, Quai des Orfèvres. A charming Impressionist painting from the end of the 19th century well framed in a frame with large fluted beaded moldings with a patinated gilt acanthus frieze with cream linen margin; an inspired and singular work by its slightly misty Parisian atmosphere, a successful painting with remarkable sensitivity and despite its modest proportion, emanates great. In short, a beautiful decorative painting of an emblematic Parisian place; well presented and decorative.
