

Church Dial In Painted Sheet Metal, Early 20th Century

750 EUR

Period : 20th century

Condition : Bon état

Material : Painted metal

Diameter : 120

Description

Large church dial in painted sheet metal from the beginning of the century with Roman numerals, 120 cm in diameter. Some traces of time (light rust), no impacts to be deplored. At the back, a clock movement was subsequently replaced (see photos). Information and other photos on request.
