

**Figurative Pottery Vase, Qajar Iran, Circa 1880.**

400 EUR

Period : 20th century

Condition : Bon état

Material : Earthenware

Height : 29cm

Depth : 22cm

Description
-------------

Baluster-shaped, on a simple base, the painted decoration consists of two cartouches: one represents a handsome young man bowing his head and clasping her arms, like the charming young girl on the other. Floral-decorated spandrels rise between the two. Excellent condition, with fine cracks everywhere.
