### Description

Superb oil on canvas depicting a lively port view, probably a port in Northern Europe in the 19th century. The composition features several large sailing ships and merchant vessels moored along the quays, in a misty atmosphere typical of the romantic seascapes of the second half of the 19th century. The mastery of light and reflections on the water testifies to a sure and experienced hand in maritime subjects. The canvas is presented in an old gilded frame, in very good general condition, which perfectly highlights the sobriety of the sky and the fineness of the details.

Condition: excellent condition of the canvas and the frame, no visible repainting. Dimensions:

Canvas 63 cm X 51 cm
