

19th Century Clock And Music Box Painting

1 300 EUR

Period : 19th century

Condition : Très bon état

Material : Oil painting

Width : 101

Height : 85

Depth : 20

Description

Oil on canvas depicting, in a mountain landscape, a valley and in the center, a village where there is a church whose dial actually tells the time. At the back of this painting in a box where the mechanism is located, the pendulum (with the winding key) also houses a music box. Everything is functional because the movement has been restored. Information and other photos on request
