Description

Shop or museum display case from the 1900s, consisting of a lower oak part with two large drawers, on which is fixed the display case in brass and glass, in this one 3 shelves with adjustable height by a nickel brass system. This type of display case is called middle, in fact can be placed in the center of a room and one can go around to admire art objects or objects of curiosity. Beautiful original condition, the bearings are ball bearings and their operation needs to be reviewed to slide more easily, some very old chips as visible in the last photos. Its ideal size allows its installation in all the rooms of a house. Interior depth of the display case part 41cm. Delivery possible to see by carrier on request and every month the fair of Le Mans
