Description

Large cast iron cross - 160 cm - With Virgin and foliage - 19th century

Superb cast iron cross, 160 cm high, with an exceptional presence. It presents in its center a Virgin in prayer, surrounded by a tangle of finely sculpted leaves and vines, a symbol of rebirth and faith. The cross is worked in the manner of a stylized wooden trunk, highlighted by an original patina in brown and green tones which give it a timeless charm. Every detail - the relief of the leaves, the softness of the Virgin's features, the texture of the metal - testifies to remarkable know-how, typical of religious art casts of the 19th century.
