Description

Lantern in bronze and etched glass, early 20th century
Elegant Louis XV style lantern in bronze, decorated with foliage and scrollwork motifs. The beveled glass panes are delicately etched with radiant stars, bringing a touch of refinement and light. French work from the early 20th century, in very good condition. Revised electrification, ready to be installed. Dimensions: total height 75 cm, diameter 32 cm. Decorative piece of character, ideal for enhancing an entrance, a living room or an elegant corridor.
