

## 1950s/60s Art Wall Panel

2 950 EUR

Period : 20th century

Condition : Bon état

Material : Plaster

Width : 101

Height : 200

Depth : 19

### Description

We recently purchased this vintage artwork from the UK. It is a large plaster wall panel created by a French artist in the 1950s/60s. He dipped his head into the mixture several times in a row, resulting in this remarkable piece with all his faces. It served as a door in a living room for many years. Dimensions: 200H x 101W x 19D
