Diameter : 11

Description

France, circa 1850, Height: 31 cm - Width: 11 cm - Depth: 11 cm
Elegant pair of gilt and patinated bronze candelabras depicting putti holding bobèches in the shape of Corinthian capitals. Each figure rests on a patinated cylindrical base, decorated with fine chains and laurel motifs. A fine example of French neoclassical taste under the Second Empire, combining grace and decorative harmony.
