

Astronomy And Geography: Framed Engraving By Bernard Picard 1729 - Putti

100 EUR

Period : 18th century

Condition : Très bon état

Material : Paper

Description

Astronomy and Geography. Engraving on laid paper. Signed and dated in the plate : B[ernard] Picard 1729. 157 x 97 mm. Charming little engraving in the style of cabinets of curiosities, representing the allegories of astronomy and geography in the form of putti. Two of them are looking through a telescope, another is tracing a map with a compass, another is holding a telescope near an armillary sphere, measuring instruments and books at his feet. The last two are conversing. Very good condition, in its old glass frame with wooden rods.
