Description

Rare Erotic Bronze From The 19th Century: The Pretty Laundress. Charming erotic bronze with a secret, easily found. A rare bronze on the market representing a pretty laundress in gilded bronze with her shirt open and slumped over her large wicker basket, whose patina is brown. The contrast is interesting between the golden patina and the brown patina of the wicker basket. When you lift the young woman, the basket forms a receptacle: a box, a pocket emptier. In fact, by lifting the pretty laundress and turning her over, we discover her intimacy with the details of her anatomy. The concealment then appears to everyone. It is very nicely done and the whole is in very good condition. A very beautiful bronze from the Napoleon III period, a pretty erotic bronze to collect. Height: 19 cm We deliver and
