Description

Mahogany pedestal table, black marble top - Restoration period
Elegant mahogany pedestal table, resting on three column legs connected by a clover-shaped spacer. The circular top is topped with black veined marble, providing a beautiful touch of contrast and refinement. French work from the first half of the 19th century, representative of the Restoration style, combining sobriety and balanced proportions. Dimensions: Height: 68.5 cm Diameter: 63 cm Period: Restoration, 19th century Materials: Mahogany and black marble
