Description

Sublime art nouveau lamp with threaded Daum tulip and bronze and marble sabot foot with pine cones by Jules Cayette. A must of art nouveau with this lamp which symbolizes this period on its own. The tulip, colocynth shape, with hot drawn ends and especially exceptional raspberry and honey colors. The foot is with a sabot-shaped marble, the lamp in gilded bronze with pine cones. Piece attributed to Jules Cayette by many amateurs, not being signed, I only point it out... but really superb also... A very high quality art nouveau set, to place on a beautiful 1900 desk, it would be magnificent! 40 cm high, perfect condition, beautiful Daum 1900 signature intaglio on the tulip. An exceptional lamp, quite simply...
