Elegant and timeless, this gilded brass lamp embodies the refined charm of vintage design. Its rectangular base, with pure and balanced lines, is adorned with delicate floral and cloud engravings, reminiscent of the decorative art of the 60s and 70s. The warmth of the polished brass blends perfectly with the golden interior of the lampshade, diffusing a soft and warm light, imbued with sophistication. The contrast between the shiny metal and the olive green fabric of the lampshade creates a subtle harmony, both understated and luxurious. A true piece of character, this lamp brings a touch of understated elegance to any space, whether classic, modern or eclectic. Ideal for a living room, office or bedroom, it perfectly embodies
