

## Second Half Of The 19th Century Empire Bronze Chandelier

3 600 EUR

Period : 19th century

Condition : Bon état

Material : Bronze

Diameter : 70

Height : 106

### Description

Elegant chandelier in mercury-gilt bronze. The chandelier features twelve lights, providing ample illumination. The piece features bronze chains, a central body in enameled brass with gold trim, topped with an eagle for further refinement, and twelve gilded bronze arms with vegetal scrolls. This chandelier exudes great taste and refinement, capable of furnishing any space with class. French manufacture, from the Napoleon III period, around the second half of the 19th century (c. 1860). Dimensions: H x DM 106 x 70cm
