Description

We present an elegant set of three wall lamps made in Italy in the second half of the 20th century. This pair of wall lamps features classic lines with a precious gilded frame, each with three arms holding three light bulbs. These wall lamps feature a design characterized by floral and leafy elements, with flowing lines and arms that mimic natural elements. The satin-finish gilding creates a delicate visual accent. A set of three is also perfect for a space where you want decorative continuity between the light fixtures, a long hallway, or a large room.
