Description

18th century walnut back desk or scriban In good general condition and a little restoration to be expected. It is heavy and stable. The 4 legs are well fixed and do not move, a little worn and with not too many glass holes, it must be treated. The top needs to be reviewed to hold it better, it is missing a fixing tab from one of the 2 brackets. underneath.... The best would be to replace 2 cleats which fit into the piece of furniture on each side. (I can do it) Common technique that I had already seen It is solid wood everywhere and it is a beautiful period model. Walnut / pine / other wood overall dimensions: Height: 75 cm or 95 cm Width: 88 cm Depth: 52 cm Thank you maximum price for delivery in Europe.
