

Venice-style Mirror

4 800 EUR

Period : 19th century

Condition : Très bon état

Material : Glass

Width : 76

Height : 169

Description

French pediment mirror in the style of Venetian mirrors, all mercury, period around 1800, very sober decoration. What differentiates Italian mirrors from French mirrors, the French often do not have engraved flowers, which gives it a lot of elegance. Some pieces have been restored, which, for this type of mirror, is inevitable. The taint is sparkling, which is difficult to render in a photo. The reflection is not cold like modern mirrors
