Description

19th century painted sheet metal wall clock.
Hexagonal painted sheet metal wall clock,
Charles X period (1830-1840), decorated with
butterflies with its ball and ring-shaped
attachment. Beautiful model but average
condition: 2 dents on the sheet metal, chips on the
dial, missing a hand, wear on the decoration. The
clockwork mechanism is present but needs to be
checked. Shipping costs to France by Colissimo
with tracking: EUR30
