Description

For pierced ears. Art deco style dangling earrings, formed from an oval turquoise cabochon that holds 2 onyx discs in a tassel held by clips adorned with modern brilliant-cut diamonds. The dangling earring ends with a pear-cut turquoise attached to the onyx ring by a ring set with modern brilliant-cut diamonds. Main material: white gold, 750 thousandths, 18 carats. The fastening system is a stud with butterfly. Total weight of diamonds: approximately 0.20 carats. Proportions: Length: approximately 5.3 cm. Net weight: approximately 7.3 g. Art deco style jewelry. Our opinion: The contrast between the intensity of the turquoise and onyx and the brilliance of the diamonds make these art deco style earrings a very aesthetic model.
