Description

Lombardy School, late 17th century, Portrait of a little girl with a pearl necklace, oil on canvas, cm 33x25 With frame: cm. 41,5 × 33,5 × 3 The painting depicts a young woman, probably belonging to a bourgeois or noble class, portrayed half-length against a dark background. Her face, modeled with soft chiaroscuro transitions, is the focal point of the composition; her brownish-red hair frames a luminous complexion, rendered with delicate touches and warm tonal nuances. The simplicity of her attire, adorned only with a pearl necklace, suggests a private rather than an official portrait. Condition: The painting is in good condition.
