### Description

Beautiful travel clock from the end of the 19th century. Complete with its case in good condition (a rare thing) and its original key. Model striking the petite sonnerie, it rings every quarter of an hour and on the hour. Strikes on two gongs at the passages and on demand using the small pusher located above the cabinet, alarm function.

Cabinet with five beveled windows. Enamel dial with Arabic numerals for the hours and for the five-minute indication. Railway for the minutes. Blued steel hands in fleur-de-lis shape. Auxiliary dial for setting the alarm. Anchor escapement holder. Mechanism revised and guaranteed (disassembly, correction of wear clearances, cleaning, reassembly, oiling and adjustment). The cabinet was also disassembled, cleaned and varnished to protect it from oxidation. With key.
